

SAMPLE REPORT

Sold Homes Benchmark Report

A comparable-sales view that helps buyers understand what similar nearby homes actually sold for before committing to an offer.

TARGET ADDRESS Keizersgracht 177, 1016 DR Amsterdam Demo canal apartment	TARGET ASKING EUR 699.000 85 m2	BEST COMPARABLE Keizersgracht 173 96% similarity
AVERAGE COMP SALE EUR 687.167 6 nearby sales	AVERAGE COMP EUR/M2 EUR 8.084 Comparable set	SUGGESTED CEILING EUR 690.000 Without upgrades

Buyer verdict

The asking price is within the recent comparable band but above the modeled midpoint. A disciplined buyer would use the strongest nearby comparable as support and avoid stretching materially beyond the suggested ceiling unless the home has clear upgrades.

Comparable sale set

Address	Distance	Sale date	Sale price	EUR/m2	Match
Keizersgracht 173	78 m	14 Mar 2024	EUR 695.000	EUR 8.274	96%
Keizersgracht 181	42 m	18 Jan 2024	EUR 712.000	EUR 8.091	94%
Prinsengracht 452	118 m	05 Sep 2023	EUR 649.000	EUR 8.215	87%
Herengracht 339	205 m	22 Nov 2023	EUR 728.000	EUR 7.913	81%
Reguliersgracht 18	460 m	28 Feb 2024	EUR 741.000	EUR 8.143	78%
Brouwersgracht 214	380 m	11 Jul 2023	EUR 598.000	EUR 7.868	74%

SAMPLE REPORT

Benchmark Interpretation

The live report scores candidates by distance, living area, recency, build year, energy label, and local price density.

Offer guidance

Offer posture	Indicative amount	When it fits
Conservative	EUR 630.200	Useful if inspection risks or renovation needs appear.
Balanced	EUR 685.000	Aligned with indexed value and comparable midpoint.
Competitive ceiling	EUR 690.000	Only if the home condition is above the comparable set.
Stretch bid	EUR 699.000	Requires confidence in scarcity, upgrades, and financing headroom.

Negotiation angle

The best support for a firm offer is the pair of Keizersgracht comparables: they are close, recent, similar in size, and sit near the current asking price.

SAMPLE REPORT

Methodology and Data Notes

This preview shows the paid report format using the demo dataset. Live reports use the selected property and paid data-access flow.

Step	What the live report does	Why it matters
1. Resolve target	Loads address and cached property facts.	Keeps the benchmark tied to the right BAG object.
2. Find candidates	Lists nearby homes from BAG/PDOK and paid Kadaster data.	Prevents comparing against irrelevant properties.
3. Score similarity	Weights size, distance, age, recency, type, and energy label.	Highlights the sales most useful in negotiation.
4. Guide offer	Compares asking price with sale evidence and value range.	Supports a practical bid ceiling.

Important disclaimer

Comparable-sales reports are buyer intelligence, not a formal taxatie. Always combine the report with inspection results, financing limits, and professional advice before placing a binding offer.
